

SIGNED STATEMENT LYNNE MARKSTEIN

"1/23/80

"Raleigh, NC

"I Lynne Markstein make the following free and voluntary statement to John Myers and Ted L. Gunderson, private investigators from Raleigh, N. C. and Los Angeles, California, respectively. I reside at 3512 Palm Court, #303, Raleigh, N. C. and can be contacted thru Mr. Glenn Plott, phone 919-733-3828, Raleigh.

"Approximately August 20, 1979 I was involved in a traffic accident and shortly thereafter had to go to Wake Memorial Hospital. While sitting in the X-ray waiting room a girl named Helena Stoeckley began talking to me. She told me her name and said she was in Raleigh, N. C. to testify at the Mac Donald murder trial.

"She said she was at the Mac Donald house during the murders and she remembers looking down and seeing the small child in the crib. She said she was standing over the crib looking at the child who was covered with blood. I believe she said the child's throat was cut but I'm not sure. However, she did say something about a lot of blood and how horrible it was. She also said something to the effect 'can you imagine someone like me doing that to those babies.' The reason I remember this statement is because it stood out above the others. I remember it because of her hand motions and it was wierd. She thought the covers were off the body.

"She also said she was on drugs at the time and she had been unable to remember until recently; however, she had no problem remembering while talking to me. Her statements were clear and explicit. According to her there was no doubt in her mind about being at the crime scene. Not once did she say she 'thought' she was there.

"I didn't think much about what she said until I later heard & saw on TV that she testified and stated she didn't remember whether or not she was at the crime scene. Because of her negative testimony I felt it was my duty to tell about the above conversation and on 8/23/79 I furnished this information to John Myers of Raleigh, N. C.

"I have read this three page statement and it is true
and correct to the best of my knowledge.
